**COURSE DESCRIPTIONS:**

**Parent-Tot Swim Lessons**

A child's first introduction to water. Designed for children 6 months to 4 years and their parents or guardians. This class will show you how to teach your child the fundamentals of swimming in a fun and safe atmosphere. You will learn how to hold your child in the water so that they are comfortable to experiment, and how to use basic cues that your child will understand. All children must wear swim diapers, if not potty trained. Each session consists of eight-30 minute classes and costs $53/session.

**Preschool Aquatics Levels 1-3**

Throughout the three levels, preschool-age children (about ages 4–5) are taught basic aquatic safety and survival skills. They are also encouraged to gain greater independence and increase their comfort level in and around the water. Skills are age-appropriate, helping children achieve success on a regular basis and enjoy social interactions with other children. As in all Swimming and Water Safety courses, your child will always know that it’s safety first. Each session consists of eight-30 minute classes and costs $48/session.

**Learn-to-Swim Levels 1 - 4**

Designed to help participants (ages 6+) achieve maximum success, Learn-to-Swim courses are based on a logical, six-level progression that helps swimmers of all ages and varying abilities develop their water safety, survival and swim skills. Entry into these classes are based on skill level not age. Each session consists of eight-45 minute classes and costs $53/session.

**Additional Swim Lessons offered by the Kyle Pool:**

**Private Lessons**

Available for any age! Classes are offered during normal pool hours beginning June 11th. A Registration Form must be turned in upon registering for private lessons. Your request will then be matched up with an American Red Cross Instructor who will contact you to set up the private lessons when mutually beneficial for both. One session consists of four-30 minute lessons and costs $78/session.
