

## Driving Safety Courses

NOTE: "A person who holds a commercial driver's license (CDL), is not eligible to take a driving safety course to dismiss a charge, nor is the Court allowed, by law, to grant a deferred sentence." This includes, if an offense was committed in a construction work maintenance zone when workers are present. Passing a school bus, leaving a scene of an accident and/or speeding 25 mph or more over the limit or in excess of 95 mph, you are NOT eligible to take a driving safety course. If you are charged with a traffic offense under the Subtitle C, Transportation Code, you may ask the judge before the appearance date on the citation, either orally or in writing, to take a driving safety course. If you were operating a motorcycle and request to take a driving safety course, you must take a motorcycle operator's training course. At the time of the request, you must do the following:

**You must be approved by the Court before attempting to complete any Driver Safety Course.**

Plead guilty or no contest; and

Pay court costs of \$109.10, if not a speeding in a school zone violation or \$134.10 if a speeding in a school zone without the presence of a crossing guard violation.

Prosecution of the traffic offense will be postponed for ninety (90) days from your appearance date to allow you time to complete the course. You are required to attend a driving safety course that has been approved by the Texas Education Agency or a motorcycle operator's course approved by the Department of Public Safety.

You are eligible to request this course IF you:
