

Project Connect

Project Connect is hosting a series of public workshops to discuss transportation options for the Central Texas Corridor. Project Connect is an initiative that will try to combat congestion through public participation. We encourage Kyle residents to take part in the Public Planning Workshops in the month of November.

ABOUT PROJECT CONNECT

Project Connect is a partnership and a vision for a Central Texas high-capacity transit system, endorsed by organizations throughout the region. Linking activity centers within one of the fastest growing regions in the country, Project Connect aims to connect people, places and opportunities in an easy and efficient way. Learn more at projectconnect.com.

We need your help identifying the next corridor for a high-capacity transit investment.

Where should our next investment in high-capacity transit go? Help us answer that question in the next round of public workshops for Project Connect: Central Corridor. The public will help narrow the focus from 10 priority sub-corridor options to 1 which will move forward into Phase 2 of the study.

Public participation is encouraged during the following opportunities:

Tuesday, November 5

6 – 8:30 PM

Central Corridor Workshop

Norris Conference Center

2525 W. Anderson Lane, Suite 365, Austin

Wednesday, November 6

12 – 1:30 PM

Central Corridor Webinar

Register at projectconnect.com

Wednesday, November 6

6 – 8:30 PM

Central Corridor Workshop

Project Connect
