I just wanted to thank you for all the work you do for our city. I have been so impressed with you since you started. You never fail to bring unbiased and thorough information to us at every p&z meeting and every city council meeting I've been to. You are calm and collected and treat citizens, stakeholders, and commissioners with great respect at all times, and I so admire that. You are always responsive to my many questions and concerns and I so appreciate it. While I know this is your job and responsibility, not everyone I've dealt with does that, and not as well as you do.

I know this is an extremely busy time for the city with the budget. You have stayed on top of things with our meetings and this PUD, and I want to make sure you know it's recognized.

You did a wonderful job with the PUD presentation last night fully informing us, and even incorporating some answers to some of my questions. I know how much time and effort I've put in to fulfilling my sworn duty of reviewing this PUD for council, and I can only imagine how much hard work you have put into it. I don't know what the commission would do without your information and guidance.

I look forward to discussing my questions and concerns further to ensure this is the best possible PUD it can be for our great city.

Thanks again for everything you do for our community!

Cicely
