August 30, 2017

K  
KYLE TX 78640

Dear Member:

On August 22, 2017, the City of Kyle approved an increase from 2% to 4.5% in the franchise fees it charges Pedernales Electric Cooperative, Inc. (PEC). Cities generally charge franchise fees to utilities that use city streets and public ways to provide electric services to the City's residents and businesses within the City's limits.

Beginning November 1, 2017, the increase will be reflected in the Franchise Fee line item of your bill(s). If you have any questions about your bill(s), please contact us. For questions concerning how your city determines franchise fees, please visit the City of Kyle's website: [www.cityofkyle.com](http://www.cityofkyle.com).

Sincerely,

Pedernales Electric Cooperative  
Member Services Team
