Southern gateway gets master planned development

Regional collaboration between Kyle, the City of San Marcos, Hays County and the Greater San Marcos Partnership led to an agreement between City of Kyle and PGI, the owners of the land at Yarrington Rd and I-35, to develop the property without a truck stop.

With this new agreement, the development on the site would include a PGI-owned and operated 10,000-square foot convenience store with an eight-pump gas station. Additional development on the property could also include office space, hotels, restaurants and retail shopping, but a truck stop or a sexually-oriented business would not be allowed.

“At this point, we are still discussing those details,” Mayor Todd Webster said. “We will continue working with PGI to decide on the type of development that comes to fruition at that location.”

Kyle’s city manager Scott Sellers said a concept plan will serve as a blueprint for future development. He said Catalyst Commercial and Gateway Planning will design a conceptual plan that is part of the Sustainable Kyle Initiative approved by Kyle City Council in February.
