Health, Business & Lifestyle Intersect on Marketplace

Health, business, and lifestyle intersect as St. David's HealthCare and the Lake Park District take shape on the Northeast side of Kyle. Recently, St. David's HealthCare purchased land at the intersection of FM 1626 and Marketplace Ave., bringing with them a 24-hour emergency department, comprehensive medical care, inpatient and outpatient surgery, maternity and newborn services, the creation of 200 new full-time jobs, and much more. Right next door to this brand-new 60-bed hospital is the Lake Park District, a mixed-use tract spanning 98 acres with various amenities, including multi-family residential spaces, vertical mixed-use residential units, and commercial opportunities such as office spaces, retail outlets, and restaurants. Additional plans for the district include developing a hotel/conference center and incorporating public and private parkland. More info at [KyleED.com](https://www.kyleed.com).

2022 Road Bond Project - Marketplace Avenue Goes to Bid

The 2022 voter-approved Road Bond projects are moving forward. In April of 2024, the Marketplace Avenue project will go to bid, with construction anticipated to be complete in January 2025. This project connects the northern and southern segments of Marketplace Avenue, widening the new section from FM 1626 to Old Bridge Trail to match the new section stemming from Kohlers Crossing. The project also includes design and construction of the Vybe trail from the existing trail at Marketplace Avenue to FM 1626. For more information, visit [KyleBonds.com](https://www.kylebonds.com).

Coming Soon to Kyle!

The commitment does not stop there; 28 more restaurants and eateries will be opening their doors in the next two years.
